"This sheet completes the technical instructions for use but does not replace them. The information it contains is based on the state of our knowledge of the product concerned, on the date shown and is given in good faith. The attention of users is also drawn to the possible risks in using a product for purposes other than those for which it was designed.

In no case does it absolve the user from knowing and applying all the laws governing his business. It is his sole responsibility to take the precautions associated with the use he makes of the product".
